## TECH SKILLS

- HTML/CSS
- UI/UX Designing
- React native
- Wireframing
- JavaScript
- MongoDB
- Python
- Microsoft office
- Java Programming

## LANGUAGES

- English | Advanced
- Sinhala | Native

Dedicated second-year computer science student that is very passionate about the IT sector and wants to focus on front-end development and UI/UX design. knowledgeable in Figma, keen on detail, and has a track record of accomplishment in collaborative situations. an adept of front-end development possessing solid skills in HTML, CSS, JavaScript, and React Native. committed to improving my skills in design and development so that I can help create unique, fluid online experiences.

## EDUCATION

**BSC (HONS) COMPUTER SCIENCE UNDERGRADUATE**  
**Informatics Institute of Technology**  
**| London, United Kingdom, Affiliated in IIT SL**

- I have successfully completed my HND at Informatics Institute of Technology in Sri Lanka, with the qualification conferred by the University of Westminster in the United Kingdom, London.
- Throughout my academic journey at the University of Westminster London, I've acquired diverse skills encompassing various aspects of web development and IT support.
- Proficient in JavaScript, React.js, HTML5, CSS, and PHP, I've honed my abilities in front-end development and responsive web design.
- My expertise extends to database management with MySQL and SQL, while Python and Java further contribute to my programming proficiency.
- Engaging in team projects has enhanced my collaboration and interpersonal skills, and I've gained valuable experience in providing help desk support.
- Completing the HND program, I am well-equipped with a comprehensive skill set that encompasses user interface design, web content management, and the versatility to adapt to evolving technologies in the dynamic field of IT.

**FOUNDATION CERTIFICATE**  
**IN COMPUTING**  
**Informatics Institute of Technology | Colombo, Sri Lanka**

- Graduated with distinction.
- Member of Rotaract Club, IEEE club of IIT.

**G.C.E O/L EXAMINATION**  
**Nakano College | Bandaragama, Sri Lanka**

## PROJECTS

**Burger Queue Management System - Software Development II Project (2022)**

- Developed a Java queue management system that tracks burger stock, uses file operations to save and retrieve data, sorts of names alphabetically, and manages customers using arrays and classes.

**Online Shopping System - Object Oriented Programming (2023)**

- A console interface for smooth product manipulation and OOP concepts for effective management make up this online shopping system.

**Vehicle Repairo mobile and web application - Software Development Group Project (2024)**

- This is an group project which we created a web and mobile application was part of the project. React Native and React.js were used for frontend development, and Python was used for the backend.

**FOODIESPOT recipe app design - HCI & User Experience ( 2023 )**

- Using a finely built high-fidelity prototype in Figma, this project showcases UI/UX design concepts, accessibility considerations, customization tools, and an integrated approach to user involvement in the culinary sector

**Sugar Rush Cake website design**

- Using a finely built high-fidelity prototype in Figma, this project showcases UI/UX design concepts, accessibility, customization tools, expertise in creating an engaging and user-centric experience for a cake cupcakes ordering website.

**Burger Ordering App Design**

- Using a finely built high-fidelity prototype in Figma, this project showcases UI/UX design concepts, accessibility, customization tools, expertise in creating an engaging and user-centric experience for a burger ordering website.

## EXPERIENCE AND VOLUNTEERING

- Sports Captain *(Nakano College) (2020)*
- Senior Prefect *(Nakano College) (2019-2021)*
- Member of school eastern band *(2019-2021)*
- Member of Rotaract club, Leo Club, and Mozilla club of IIT *( 2022 - present ).*
- Participated for CODESPRINT 8 *( 2024 )*
- Registered for Mora UXplore 2.0 *( 2024 )*
